

VORTEX RAPTOR BINOCULARS

For the price, the Raptor Porro prism binoculars are simply stunning. For younger people, those just starting out with binoculars or even a binocular that can easily be used by all the family, these fit the bill, as they are lightweight and for the price have a terrific field of view.

There's no better value in binoculars than a pair of quality Porro prisms. And we've taken Porro prism performance to a whole new level with a mid-size, wide-angle design featuring waterproof, fogproof construction and fully multi-coated optics.

The Raptor binocular delivers a bright, crisp image with excellent colour fidelity - even in low light conditions. With a wide range of interpupillary distance, this binocular can be easily adjusted to fit anyone in the family, from young children to adults.

All Raptor binoculars come complete with a comfort neck strap along with Rainguard, tethered Objective Lens covers and of course the Vortex Unlimited Lifetime Warranty through our UK Authorised Stockists.

The Raptor binocular is available in an 8.5x32 specification

Optical Features

Fully Multi-Coated Lenses: Increase light transmission with multiple anti-reflective coatings on all air-to-glass surfaces.

Construction Features

Porro Prisms: Valued for a rich depth of field, wide field of view, and three-dimensional image.

Waterproof: Optics are sealed with O-rings to prevent moisture, dust, and debris from getting inside the binocular.

Fogproof: Nitrogen gas purging delivers fogproof, waterproof performance.

Rubber Armour: Provides a secure, non-slip grip, and durable external protection.

Convenience Features

Adjustable Eyecups: Twist up and down for comfortable viewing with or without spectacles.

Right Eye Diopter: Adjusts for differences in a user's eyes. Located on the right eyepiece.
