RAZOR® HD

FULL SIZE ROOF PRISM BINOCULARS

Razor® HD binocular, the pinnacle of the Vortex line, offers the ultimate combination of advanced optical technologies and premium components in a lightweight, ergonomic package. Hand-selected prisms and HD glass deliver unparalleled resolution and color fidelity, resulting in astonishingly sharp, high-definition images. Lenses fully-multi-coated with Vortex's proprietary XR Plus anti-reflective coatings guarantee maximum brightness and glassing confidence during critical low-light periods. The True Open Hinge design, coupled with its magnesium chassis, makes the Razor lightweight, durable, and optimally ergonomic. With a Razor HD, you're looking at a binocular that proves pushing to the edge is worth it.

KEY FEATURES:

BEST INVESTMENT >>> RAZOR® HD 12X50

"The clarity of these binoculars is unmatched. They are especially great in the dawn and dusk hours!"

- CLAYTON1 from Texas, United States

KAIBAB® HD

FULL SIZE ROOF PRISM BINOCULARS

The ultimate long-range binocular, the Kaibab® HD leaves little to the imagination. Pushing the performance envelope, the Kaibab HD offers the power and optical features you need to see the every feather from a considerable distance. Superior images, stunning resolution, and, of course, incredible power.

GREAT GLASS AND WARRANTY! >>> KAIBAB® HD 20X56

"I've used them for long-distance hawk-watching on a tripod since 2013 and find them excellent for sharpness, very good eye relief (I wear glasses), flat field. The VIP warranty is simply outstanding, they replaced my (accidentally) damaged specimen with a new one at no cost!" - MONTICOLA from Italy

CROSSFIRE®

FULL/MID SIZE ROOF PRISM BINOCULARS

Need a quality, performance-driven binocular that won't break the bank? Enter the Crossfire® series—their optical system, housing, and aesthetic push into a realm previously unheard of at this price point. Fully multi-coated lenses promote impressive optical quality, while a wide field of view and enhanced depth of field ensure optimal subject acquisition. They may be the entry point in our roof prism lineup, but there is nothing entry-level about these binoculars.

BEST GLASS ON THE MARKET >>> CROSSFIRE® 12X50

"I bought these and they are incredibly clear, lightweight, and have a great zoom and field of view. I will never own another pair of optics other than Vortex, between product quality and warranty these are A grade optics. Useful in any situation." - AUSTIN from Utah, United States

HIKING WITH A MONOCULAR >>> RECON® 15X50

"My husband and I spend our winters in New Mexico, where we do a lot of hiking in the high desert and mountains. Game is abundant, eagles soar, coyotes walk along our fields, antelope appear outside our house. We found out that having a monocular with us, at all times has been one the greatest gifts, as we can zoom in and watch that eagle soar, watch the coyote call in his mate, watch the antelope as they nuzzle each other. Just a last week I ordered one for my son-in-law for his birthday and the rest of the guys in the family will get one also."

- RITA from New Mexico, United States

3-POSITION UTILITY CLIP

The versatile, multi-position utility clip allows quick attachment of the Recon to belts and pack straps.

SOLO®

MONOCULAR

You can always have a quality optic close at hand with the Solo® Monocular. This compact, easy-to-carry monocular delivers quality viewing for outdoor enthusiasts who wish to bring nature a bit closer. And with the integral utility clip (36mm model only), it attaches to flat edged surfaces for quick external access. From birders to backpackers the Solo makes a great addition to any gear list.

CLEAR AS A BELL >>> SOLO® 10X36

"My wife and I use the Vortex Solo Monocular while horseback riding. Many times we are out in the sunlight looking into the shady timber areas. I can actually see into the woods better than with my naked eye. My wife really enjoys carrying the monocular with my Diamondback neck strap and viewing birds and game while horseback riding. Great product at an even better price. Thank you Vortex." - ROB from Washington, United States

RAZOR® HD

SPOTTING SCOPES

When looking for high performance in an ergonomically pleasing design, you'll find no better option than the Razor® HD. Built for all weather conditions, this spotter offers eye-popping, high definition images across the entire field of view. The sophisticated triple apochromatic lens system delivers no color fringing, resolution degradation or loss of color fidelity at extreme distance. If you are looking for the best spotter money can buy, this is it.

GREAT SCOPE, GREAT BUY! >>> RAZOR® HD 27-60 X85

"I spent months researching spotting scopes and finally selected the Razor based on reviews of quality and value. I am very pleased with this scope after about 8 months of use. Bright, clear images, and the scope is very well built. I teamed it up with my iPhone and a Phone Skope to take some great digital pictures. What's even better is that this even makes viewing easier as the iPhone will auto-focus as you scan areas."

TRIPODS

SUMMIT™

SUMMIT CARBON®

Lightweight with all the stability you could want with the added benefit of fluid pan head and strong carbon fiber legs. Ideal for supporting spotting scopes and binoculars for hours of glassing.

SUMMIT XLT™

A full-size tripod in a lightweight, compact package, the Summit XLT™ (Extra-Long Extension) provides maximum tripod versatility without weighing you down.

SUMMIT SS™ & SUMMIT SS-P™

Our ultimate backpacking tripods provide the perfect combination of compact size, lightweight design, rugged build, and fast operation. Choose the SS (Super Short) for situations where space and weight are primary considerations. Plus they have a split center column that allows you to get closer to the ground.

SUMMIT® CAR WINDOW MOUNT

Our compact car window mount features an easy-to-manipulate ball head for fast subject acquisition. The quick-release plate allows convenient mounting of optics.

TRIPOD SPECIFICATIONS

SKU	MODELS	WEIGHT (lbs)	MAX LOAD (lbs)	MINIMUM TO MAXIMUM HEIGHT	FOLDED DIMENSIONS	LEG SECTIONS	LEG ANGLES	LEG LOCKS	HEAD DESIGN

SUMMIT TRIPODS

- Multi-section legs for maximum height with minimum packing length.
- Lightweight for an easy carry.
- Twist leg locks for variable height adjustment and reduced bulk.
- XLT and SS come with compact ball head with quick-release plate and locking mechanism.
- SS-P has a pan head with quick-release plate and locking mechanism.
- Variable leg angle adjustments allow for flexible positioning.
- Balance hook holds extra weight for greater stability in windy conditions.
- Rubber feet stand sure-footed on slick surfaces.
- Summit Carbon has lightweight carbon fiber legs.
- XLT, SS, and SS-P have Anodized aluminum legs for sturdy support.

TRIPODS

SKYLINE, PRO GT, RIDGEVIEW, AND HIGH COUNTRY™

SKYLINE™

For rock-solid performance in the most demanding situations, you need a Skyline™ tripod. Rugged anodized legs, variable leg angles, split center column, and a smooth, precise fluid head deliver maximum performance.

PRO GT™

For reliable performance at a reasonable cost, look to the Pro GT.™ Designed to handle any condition, sturdy anodized legs combined with a rugged 3-way quick-release pan head deliver smooth, fluid support for your optics.

RIDGEVIEW™

This perfect full-featured back-country tripod is light and compact enough to carry everywhere, yet rock-solid and dependable when glassing extreme distances at high magnifications.

HIGH COUNTRY™

Smaller, lighter, and more compact than our Ridgeview, the High Country is designed for hunting at altitudes where every ounce counts. The split center column allows you to get closer to the ground.

TRIPOD SPECIFICATIONS

SKU	MODELS	WEIGHT (lbs)	MAX LOAD (lbs)	MINIMUM TO MAXIMUM HEIGHT	FOLDED DIMENSIONS	LEG SECTIONS	LEG ANGLES	LEG LOCKS	HEAD DESIGN

- Rubber feet stand sure-footed on slick surfaces.

FEATURES KEY GUIDE

▶ APO (APOCHROMATIC)

This objective lens system uses index-matched lenses to correct color across the entire visual spectrum.

▶ XD™

Extra-low dispersion glass increases resolution and color fidelity, resulting in crisper, sharper images.

▶ HD (HIGH DENSITY)

Premium extra-low dispersion glass delivers the ultimate in resolution and color fidelity, resulting in high-definition images.

▶ SHOCKPROOF

Shockproof construction withstands impact.

▶ XR Plus™

Fully multi-coated lenses deliver the highest level of light transmission for maximum brightness.

▶ DIELECTRIC COATING

Multi-layer prism coatings provide bright, clear, color-accurate images.

▶ PLASMA TECH™

Plasma Tech provides unparalleled coating durability and performance.

▶ RUBBER ARMOR

Durable rubber armor provides a secure, non-slip grip.

▶ ARMORTEK®

Protects the exterior lenses from scratches, oil, and dirt.

▶ ARGON GAS

Argon gas-purged and o-ring-sealed for fog-proof and waterproof performance.

▶ FULLY MULTI-COATED

Anti-reflective lens coatings on every lens surface allows for brighter views.

▶ NITROGEN GAS

Nitrogen gas-purging with o-ring seals delivers fog-proof and waterproof performance.

"VORTEX has long been known for their high quality optics, but equally amazing I think is their warranty policy. **AMAZING CUSTOMER-FOCUSED DEDICATION** in this day of lesser warranties from other manufacturers, *which is why I've always taken Vortex Optics on our many birding trips across the country.*"

"I'm sure the day will come when I need to use my warranty and the *comfort of knowing* it is there is the **BEST FEELING EVER!**"

THANK YOU VORTEX FOR BACKING UP YOUR PRODUCT AND GOING THE EXTRA MILE."

"They put the *warranty* on it because they *know* their products can take it!"

"Every time I call with a question, I'm always greeted with a *friendly, professional voice* from a person who cares about my product. **the best warranty** I've ever had here!"

"Don't sell your warranty is proof that you care as a consumer, **YOU'RE A TEAM."**

"I will be spreading the word to all of the birding enthusiasts I know. **Thank You, Vortex!**"

Thank you VORTEX OPTICS for making such a great product and a warranty to match."

Because of the **OUTSTANDING CUSTOMER SERVICE, PRODUCT WARRANTY & PRODUCT QUALITY** I have purchased many more optics from Vortex and will continue to do so. **THANK YOU!**

"They are quite **AFFORDABLE**, very **DURABLE**, and **YOU CAN'T BEAT THE WARRANTY!** If you're looking for **TOP-NOTCH, AFFORDABLE OPTICS, VORTEX HAS MY VOTE!**"
